

LECTURER

Department of Physics Faculty of Science

The Department of Physics is a dynamic and growing academic department in the Faculty of Science at the University of Cape Town, and seeks to fill a permanent academic position at the rank of lecturer to strengthen its present research experimental activities within the ATLAS collaboration at CERN. UCT is committed to the Phase 1 Muon, and Phase 2 ITK (strips) upgrades. The university is in close proximity to the Centre for High Performance Computing, and iThemba LABS national accelerator facility.

Minimum requirements:

- A PhD in Physics, or cognate discipline;
- A research track record in experimental high energy particle physics;
- Willingness to be an active member of the ATLAS collaboration at CERN, and contribute to the present responsibilities of the ATLAS groups at UCT and iThemba LABS;
- A demonstrable ability to lecture at both introductory and senior undergraduate level (including service courses and undergraduate laboratories) and give specialist lectures at Honours (4th year) level;
- Readiness to supervise Honours-level, MSc and PhD students; and
- Willingness to contribute to departmental-level administration.

Selection will be informed by evidence of:

- A research track record that demonstrates recognition, experience (e.g. postdoctoral, industry), productivity and creativity;
- Meaningful contributions to operations, detector development and analysis in particle physics at a collider experiment;
- Success in the solicitation of funding for research; and
- Teaching experience, and ability to contribute to curriculum development, and postgraduate supervision.

The 2018 annual cost of employment, including benefits, is **R639 848**.
